Santa Says
Want some presents?
Give some presents!

Me, been watching
Who has been good
to each other

Santa will be good to you
Give some presents

Get some presents

Santa Says.

Light the light
Light your light

Not at expense
of others

Be your own light

Lights of Christmas

Remind us

Light our light

Internal light

Eternal light

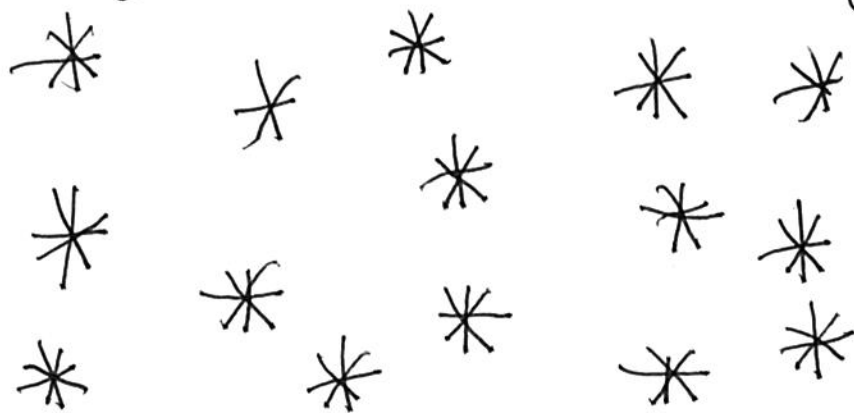

Santa says
Don't wait for cold
warm up people

All year
Be kind All year

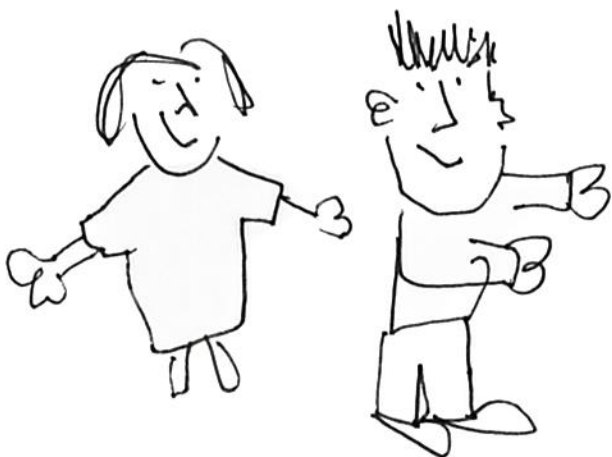

Santa is here All year
Sure, Santa comes down
For Christmas
you can be with Santa

All year
Don't wait for cold

Santa Says
Give more than you get
Nobody gives more than
They get
You want

Not everybody has
Some clothes all year round
Santa's able to give away
You can give away some stuff
Everybody has some stuff
To give away

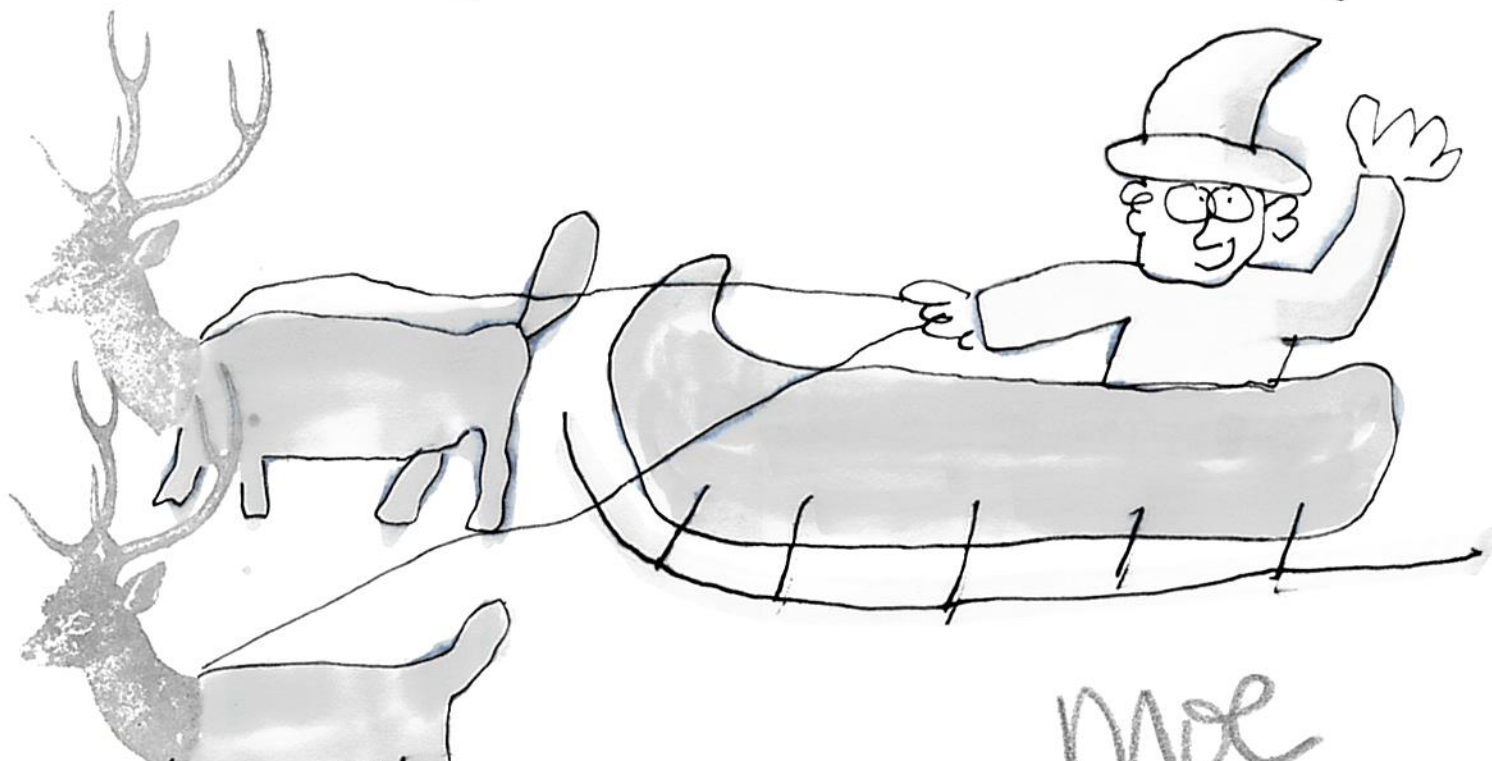

Merry Christmas every day
(maybe read what Jesus said,
to understand Christmas?)

Peace on earth good will to
ALL
People, Plants, animals and

Instead Happy New Year
Happy New Day

Merry Christmas ^{and} every day
