Flies
From heat

looking
for

clouds

my path
is gravel
walk on
grass, also

soft ground
won't destroy
spine

When Chemo
was done

I was done
Didn't know
I was done

Told I would
get better

Truth is
Gets worse

Must die

my step
count
one foot
at time

where I
walk

walk in
circles

once, walked
across
ridgelines

how walk
in circles

surrounded by trees
watched by sky

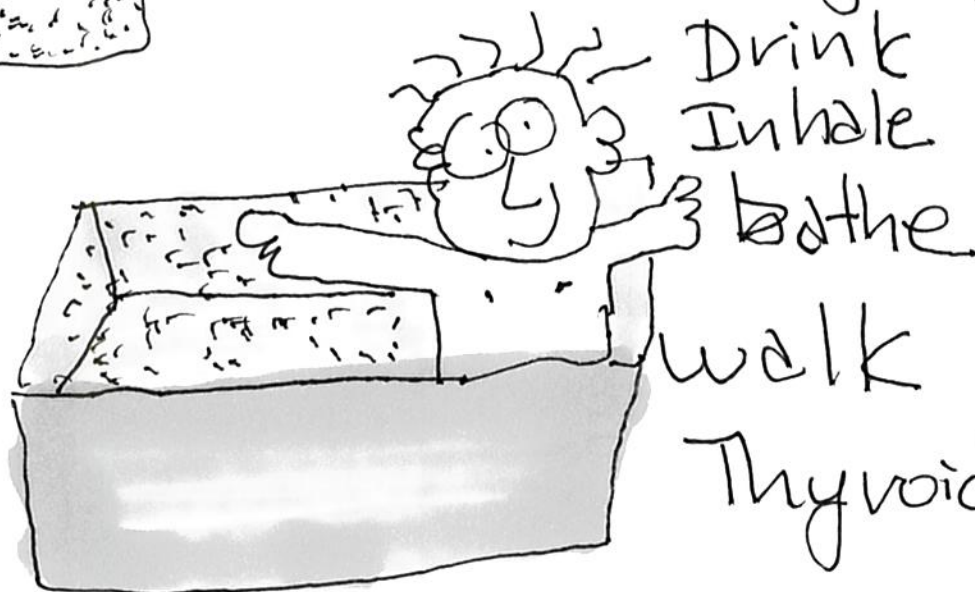

How to get
my life back
together?

Don't know

Hydrogen water

Drink

Inhale

bathe

walk

Thyroid medication

Meditation

Prayer

Stay at home

People are
named
after plants
mountains and
animals

How I survive
Live in our place
Like cave
Reading Buddhist texts

 Instead, it is a partment

Two porches
deserted military base
 beyond our place

Trees, deer and grass
 out back
where I walk

Two bedroom apartment
Porches

City park military base grown over

My refuge

How to
say
want to
say
In short
Phrases
Can't think

big thought
Stumble thru
my life
Think short
Phrases
write short
Phrases
Live
short Phrases

Surrounded by crows
in the morning found
Pizza in trash can
Fed crows
They flocked around
